

DIRECTOR OF CENTRAL INTELLIGENCE
Security Committee

Serial: PerSSub-M-009-82

5 June 1982

MEMORANDUM FOR THE CHAIRMAN, DCI SECURITY COMMITTEE

SUBJECT: Revised DCID 1/14

1. At the 2 December 1981 meeting of the DCI Security Committee, the members approved a revised version of DCID 1/14 by a vote of 10 to 3. This draft revision was reportedly forwarded with dissenting opinions to the Director, Intelligence Community Staff, for review by the Deputy Director Central Intelligence (D/DCI). At that time, the Deputy Under Secretary of Defense for Policy requested action on this revised draft of DCID 1/14 be held in abeyance until the results of the Department of Defense Select Panel evaluating the Personnel Security Program were published. This request was honored. The DoD Select Panel published its findings on 16 April 1982.

2. The Office of the Secretary of Defense has reported that Select Panel recommendations impacting on resource considerations will now be studied by another ad hoc group within Defense. Other Panel recommendations are under advisement. DoD has given no finite date when implementing action on the Select Panel's findings will be taken. The Personnel Security Subcommittee observes that the Security Committee has acted upon the revised DCID 1/14 draft and awaits D/DCI review for implementation.

3. We recommend you now take appropriate action to move the DCID 1/14 draft forward for D/DCI review.

Chairman
Personnel Security Subcommittee
